

Advance inclusion for students with disabilities on Higher Education In Rwanda

Promoting Inclusion & Accessibility in Rwandan Higher Education

Closing the Gap | Empowering Change

ANSWER equips Rwandan higher education stakeholders with the knowledge, skills, and technology to bridge the gap between policy and implementation for inclusion, accessibility, and disability. We recognize the need for a bottom-up approach to develop contextualized policy interventions in the face of a top-down regulatory framework.

Our wider **objective** is to improve accessibility, learning conditions, and policy change for students with disabilities within the Rwandan higher education system. Through modern inclusion practices, training, and networking, we are transforming the landscape.

Join us in closing the gap, empowering change, and creating an inclusive future for all in Rwandan higher education.

Duration
March 2023– February 2026
